WINDELL L. DEJETO

Mandaue, Cebu, Philippines | +63 998 198 1855 | windellldejeto@gmail.com

SUMMARY

Industrial Engineering undergraduate with hands-on experience in business analytics, KPI reporting, and IT support. Skilled in Power BI, SQL, Python, and advanced Excel, with a Certified Data Analyst and Lean Six Sigma Yellow Belt. Eager to apply analytical and problem-solving skills to drive operational efficiency and business growth.

WORK EXPERIENCE

OJT Intern – Operations & Business Analytics *06/2025 – 09/2025*
WAV3 Marketing Inc.

- Analyzed business performance data across daily operations to pinpoint bottlenecks, supporting process improvements recommended to the founders.
- Built and maintained KPI tracking reports, consolidating data into clear, recurring summaries used directly in leadership decision-making.

Part-Time Executive Assistant & IT Support *01/2022 – 06/2025*
Hillsdale Marketing

- Monitored and organized sales data over a 3-year period, maintaining accurate reporting records that supported day-to-day business operations.
- Provided consistent IT support and troubleshooting across the organization for three years, while managing substantial volumes of business data with minimal errors.

Data Encoder (Internship) *06/2022 – 08/2022*
PLD Construction and Development, Inc.

- Entered and validated construction project datasets with a high degree of accuracy, ensuring reliable records for ongoing project tracking.

EDUCATION

BS Industrial Engineering, Undergraduate (4th Year) *2022 – 2026*
Cebu Technological University – Main Campus

- Relevant coursework: Operations Management, Business Process Analysis, and Engineering Data Analysis.
- Thesis focuses on quantitative data analysis and process metrics for operational performance improvement.
- Achieved ERP, Lean Six Sigma, and Data and Business Analytics.
